

Non-Resident Policy

Within two (2) weeks of a sport's sign-ups closing, commissioners shall be required to meet with a Recreation Board Representative or Representatives to review the following:

1. All roster lists for each team;
2. A list of non-resident athletes;
3. Any requests for changes to the approved budget.

The Recreation Board Representative(s) and the Commissioner shall make a recommendation as to the participation of each non-resident athlete to the entire Recreation Board at the next Recreation Board meeting. The Recreation Board may either approve or deny each non-resident athlete for participation in the sport.

A non-resident athlete shall not be permitted to play if not recommended by the Recreation Board Representative(s) and the Commissioner.
